

Cmpt370 Meeting Agenda: Nov 22 /16

- Documentation:
 - What specifically should the documentation cover?
 - Are java docs enough for the coding documentation?
- Pair Programming:
 - Should we record time we spent on pair programming?
 - Should we record what is accomplished in those times?
- Pushing art to Git
 - Should I take pictures of what I'm drawing and push it to Git?
- Is there anything you would recommend changing from our Design Doc?
